Safety Data Sheet
according to GHS version 7

Printing date 09.03.2023 *Version number 1* *Revision: 24.02.2023*

*

1 Identification

· **Product identifier**

· **Trade name: OmniKelp Acidic**

· **Article number:** DAUP0039
· **Relevant identified uses of the substance or mixture and uses advised against**
For use in the agricultural sector.
· **Details of the supplier of the safety data sheet**
· **Manufacturer/Supplier:**
Company: Omnia Specialities Australia Pty Ltd
Address: Tramway Road
MORWELL VIC 3840
Telephone Number: +61-3 5133 9118
Facsimile Number: +61-3 5133 9114

· **Further information obtainable from:** info@omnia.net.au
· **Emergency telephone number:**
ISS First Response
+61 3 8796 3688

2 Hazard(s) Identification

· **Classification of the substance or mixture**
The product is not classified, according to the Globally Harmonised System (GHS).

· **Label elements**
· **GHS label elements** Void
· **Hazard pictograms** Void
· **Signal word** Void
· **Hazard statements** Void
· **Other hazards**
· **Results of PBT and vPvB assessment**
· **PBT:** Not applicable.
· **vPvB:** Not applicable.

3 Composition and Information on Ingredients

· **Chemical characterisation: Mixtures**
· **Description:** Mixture of substances listed below with nonhazardous additions.

· **Dangerous components:**			
CAS: 7778-77-0 EINECS: 231-913-4	potassium dihydrogenorthophosphate	Acute Tox. 5, H303	>5-10%

· **Additional information:** For the wording of the listed hazard phrases refer to section 16.
· **Other hazards that do not result in classification** None

4 First Aid Measures

· **Description of first aid measures**
· **After inhalation:**
Keep patient warm and at rest even though no symptoms may be evident.
Give Oxygen, especially if the person is blue in the face.
Apply artificial respiration if breathing has stopped.
Obtain medical attention immediately.

(Contd. on page 2)

Safety Data Sheet
according to GHS version 7

Printing date 09.03.2023 *Version number 1* *Revision: 24.02.2023*

Trade name: OmniKelp Acidic

(Contd. of page 1)

· ***After skin contact:***
Wash thoroughly with water and soap. Wash clothes before re-use. Do not clean dust from clothes with air hoze or oxygen.
· ***After eye contact:*** *Rinse opened eye for several minutes under running water. Then consult a doctor.*
· ***After swallowing:***
Do not induce vomiting. If the person is conscious, wash out mouth and give 2 to 3 glasses water or milk to drink. Immediately obtain medical attention.
· ***Information for doctor:*** *Show the SDS to the doctor/physician.*
· ***Most important symptoms and effects, both acute and delayed***
Ingestion may cause gastro-intestinal disturbances.
Inhalation of dusts or mist may cause irritation.
Inhalation of decomposition gasses, can cause irritation and corrosive affects of the respiratory system and may lead to oedema. Lung effects may be delayed.
· ***Indication of any immediate medical attention and special treatment needed***
After supplying first aid, when medical attention is sought, show the SDS to the docter/physician.
Following exposure to decomposition fumes, the patient should be kept under medical review for at least 48 hours as pulmonary oedema may develop.

*
5 Fire Fighting Measures

· ***Extinguishing media***
· ***Suitable extinguishing agents:*** *Water*
· ***Special hazards arising from the substance or mixture***
During heating or in case of fire poisonous gases are produced.
· ***Advice for firefighters*** *Avoid breathing the fumes. Do not allow fire water run-off to enter waterways.*
· ***Protective equipment:*** *Wear full protective gear and self-contained respiratory protective device.*

6 Accidental Release Measures

· ***Personal precautions, protective equipment and emergency procedures***
Wear protective gear. Do not inhale the material or its combustion products. Go against the wind and keep out of low areas. Evacuate personnel to safe area. Ensure adequate ventilation.
· ***Environmental precautions:***
Fertilizer may dissolve in water. Large quantities can kill vegetation and aquatic organisms.
Do not allow to enter sewers, surface or ground water. Should not be released into environment.
If released into environment, inform appropriate authorities.
· ***Methods and material for containment and cleaning up:***
For small spills: Dike and absorb spill with sand or inert material (e.g. sawdust). Shovel into drums for disposal. Flush area with water. Note the floor will be slippery. For large spills: Contain liquid far ahead of spill. Contain spillage and contaminated water for subsequent disposal. Do not flush spilled material into drains. Keep spectators away.
Dispose contaminated material as waste according to item 13.
Ensure adequate ventilation.
· ***Reference to other sections***
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7 Handling and Storage

· ***Handling:***
· ***Precautions for safe handling***
Ensure good ventilation/exhaustion at the workplace.
Avoid contact with skin, eyes and clothing.

(Contd. on page 3)

Safety Data Sheet
according to GHS version 7

Printing date 09.03.2023 Version number 1 Revision: 24.02.2023

Trade name: OmniKelp Acidic

(Contd. of page 2)

· **Information about fire - and explosion protection:**
Keep away from open flames, electrical equipment (lights, cables, etc.), static electricity, electrical sparks, heat etc. No smoking.

· **Conditions for safe storage, including any incompatibilities**
· **Storage:**
· **Requirements to be met by storerooms and receptacles:**
Ensure sufficient ventilation and that space is cool and dry. Ensure eyewash station and safety showers is near workstations. Ensure sufficient fire fighting water is available. Ensure containers stay closed.
Steel, aluminum and zinc will suffer rapid corrosion and should be protected by several layers of paint. Fertilizer may attack concrete and corrode the steel reinforcement. Concrete should be protected by filled coal tar pitch or epoxy based plastic
· **Information about storage in one common storage facility:**
Store away from acids, alkalies, water and foodstuffs.
· **Further information about storage conditions:** Keep container tightly sealed in a dry well-ventilated place.
· **Specific end use(s)** For use in agriculture.

8 Exposure controls and personal protection

· **Additional information about design of technical facilities:**
Ensure eyewash stations and safety showers are close to the workstation location.

· **Control parameters**
· **Ingredients with limit values that require monitoring at the workplace:**
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
· **Additional information:** The lists valid during the making were used as basis.

· **Exposure controls**
· **Personal protective equipment:**
· **General protective and hygienic measures:**
Keep away from foodstuffs, beverages and feed.
Wash hands before breaks and at the end of work.
· **Respiratory protection:**
In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device.
· **Protection of hands:**
The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation
· **Material of gloves**
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.
· **Penetration time of glove material**
The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
· **Eye protection:** Safety glasses.
· **Body protection:** Protective work clothing

*
9 Physical and Chemical Properties

· **Information on basic physical and chemical properties**
· **General Information**
· **Appearance:**
Form: Liquid

(Contd. on page 4)

Safety Data Sheet
according to GHS version 7

Printing date 09.03.2023 Version number 1 Revision: 24.02.2023

Trade name: OmniKelp Acidic

(Contd. of page 3)

Colour:	Light brown
· **Odour:**	Smells of the sea
· **Odour threshold:**	Not determined.
· **pH-value at 20 °C:**	3
· **Change in condition**	
Melting point/freezing point:	Undetermined.
Initial boiling point and boiling range:	Undetermined.
· **Flash point:**	Not applicable.
· **Decomposition temperature:**	Not determined.
· **Auto-ignition temperature:**	Product is not selfigniting.
· **Explosive properties:**	Not determined.
· **Explosion limits:**	
Lower:	Not determined.
Upper:	Not determined.
· **Vapour pressure:**	Not determined.
· **Density at 20 °C:**	1.045 g/cm³
· **Relative density**	Not determined.
· **Vapour density**	Not determined.
· **Evaporation rate**	Not determined.
· **Solubility in / Miscibility with water:**	Fully miscible.
· **Partition coefficient: n-octanol/water:**	Not determined.
· **Viscosity:**	
Dynamic:	Not determined.
Kinematic:	Not determined.
· **Solvent content:**	
VOC (EC)	0.00 %
· **Other information**	No further relevant information available.

10 Stability and Reactivity

· **Reactivity** No further relevant information available.
· **Chemical stability**
· **Thermal decomposition / conditions to be avoided:** May decompose on heating.
· **Possibility of hazardous reactions** Contact with acids or alkali may release irritant gasses.
· **Conditions to avoid** Incompatibles and extreme temperatures.
· **Incompatible materials:** Acids and alkalies. Flammable substances. Foodstuffs.
· **Hazardous decomposition products:**
Ammonia
Carbon dioxide

11 Toxicological Information

· **Information on toxicological effects**
· **Acute toxicity**
· **Primary irritant effect:**
· **Serious eye damage/irritation** No irritating effect.
· **Respiratory or skin sensitisation** No sensitising effects known.

(Contd. on page 5)

Safety Data Sheet
according to GHS version 7

Printing date 09.03.2023 Version number 1 Revision: 24.02.2023

Trade name: OmniKelp Acidic

(Contd. of page 4)

· **Additional toxicological information:**
The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version.
When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

12 Ecological Information

· **Toxicity**
· **Aquatic toxicity:**
If large amounts enters water systems, eutrophication may result and aquatic organisms may be harmed.
· **Persistence and degradability** Freely dissociates. All components may become part of natural mineral cycles.
· **Behaviour in environmental systems:**
· **Bioaccumulative potential**
May contribute to the eutrophication of water bodies.
May accumulate in soils and water bodies and possibly in life forms.
· **Mobility in soil** Very mobile in soil.
· **Additional ecological information:**
· **General notes:**
Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
· **Results of PBT and vPvB assessment**
· **PBT:** Not applicable.
· **vPvB:** Not applicable.
· **Other adverse effects** No further relevant information available.

13 Disposal considerations

· **Waste treatment methods**
· **Recommendation**
Must not be disposed together with household garbage. Do not allow product to reach sewage system.
If fertilizer is not contaminated, recycle. In case fertilizer is contaiminated, discuss options with supplier or experts.

· **Uncleaned packaging:**
· **Recommendation:** Disposal must be made according to official regulations.
· **Recommended cleansing agents:** Water and if required, cleansing agents.

14 Transport information

· **UN-Number**	
· **ADG, IMDG, IATA**	Void
· **UN proper shipping name**	
· **ADG, IMDG, IATA**	Void
· **Transport hazard class(es)**	
· **ADG, ADN, IMDG, IATA**	
· **Class**	Void
· **Packing group**	
· **ADG, IMDG, IATA**	Void
· **Environmental hazards:**	
· **Marine pollutant:**	No

(Contd. on page 6)

Safety Data Sheet
according to GHS version 7

Printing date 09.03.2023 Version number 1 Revision: 24.02.2023

Trade name: OmniKelp Acidic

(Contd. of page 5)

· **Special precautions for user**	Not applicable.
· **ERG No.**	None
· **Transport in bulk according to Annex II of Marpol and the IBC Code**	Not applicable.
· **UN "Model Regulation":**	Void

15 Regulatory information

· **Safety, health and environmental regulations/legislation specific for the substance or mixture**

· **Australian Inventory of Industrial Chemicals**

866-83-1	potassium dihydrogen 2-hydroxypropane-1,2,3-tricarboxylate

· **Standard for the Uniform Scheduling of Medicines and Poisons**

None of the ingredients is listed.

· **Australia: Priority Existing Chemicals**

None of the ingredients is listed.

· **GHS label elements** Void
· **Hazard pictograms** Void
· **Signal word** Void
· **Hazard statements** Void

· **Directive 2012/18/EU**
· **Named dangerous substances - ANNEX I** None of the ingredients is listed.
· **Chemical safety assessment:** A Chemical Safety Assessment has not been carried out.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

· **Relevant phrases**
H303 May be harmful if swallowed.
· **Contact:**
· **Abbreviations and acronyms:**
RID: Règlement international concernant le transport des marchandises dangereuses par chemin de fer (Regulations Concerning the International Transport of Dangerous Goods by Rail)
ICAO: International Civil Aviation Organisation
ADR: Accord relatif au transport international des marchandises dangereuses par route (European Agreement Concerning the International Carriage of Dangerous Goods by Road)
IMDG: International Maritime Code for Dangerous Goods
IATA: International Air Transport Association
EINECS: European Inventory of Existing Commercial Chemical Substances
ELINCS: European List of Notified Chemical Substances
CAS: Chemical Abstracts Service (division of the American Chemical Society)
VOC: Volatile Organic Compounds (USA, EU)
PBT: Persistent, Bioaccumulative and Toxic
vPvB: very Persistent and very Bioaccumulative
Acute Tox. 5: Acute toxicity – Category 5
· ***** Data compared to the previous version altered.**
